Jennifer Copen

Jen,

This year has gone by all too fast. Although I'm glad & relieved to be out and over with my finals, I'm certainly going to miss everyone. We've been through so much in the brief 2 1/2 years that I've known you. Our dinner was so much fun - we really did make the "best 3 couples" in school!

Just a few words to say
how much I love you
and how much I love
the world we live in
and how much I love
the life we live

Live each day
to the fullest,
get the most
from each hour,
each day and each
age of your life.
Then you can
look forward with
confidence and back
without regrets.

as the years, so long; yet, . . .

If you have a goal in life that takes a lot of energy, that requires a lot of work, that incurs a great deal of interest and that is a challenge to you, You will always look forward to waking up to see what the new day brings.

So short, pass away.

I want to do
what I want to do . . .
I want to be
what I want to be.

But most important, . . .

Listen gently.
We must feel.
Simple moments
are so real.

Reflecting on ourselves,

Haven't you
noticed
the days
Keep getting
longer . . .
The "Spirit Sun"
is stronger,
And a "New Day"
is dawning
For us all.

Appreciating more, others, . . .

People going
in and out
of your life
Touching
here and
there,
bringing joy, friendship,
compassion,
frustration, and love.
Do they go again?
Their memories linger.
Some stay by your side always,
Some go and return
to touch and linger again.
Always remembered,
sometimes regretted for loss,
but never regretted for what was.

— Jennifer Moore

Rather than a certain few.

Some of us are leaving
Just to get away
And some of us are leaving
Because horizons never stop.

Growing up, relaying our feelings,

We cannot "make our mark" for all time — those concepts are mutually exclusive.

"Lasting effect" is a self contradictory term.

Yearning does not exist in the future and neither do we.

Nothing will have meaning "ultimately."

Nothing will even mean tomorrow what it did today.

Meaning changes with the context. Our meaning is here.

It is enough that we are of value to someone today.

It is enough that we make a difference here.

we share a smile,

There is no such thing as
"best" in a world of indi-
viduals.

And just become a part
And then graduating

And even if we are occupied
with important things, even if
we attain honor or fall into
misfortune,
Still let us remember how
good it was once here when
we were all together,
United by a good and kind
feeling which made us better
than perhaps we are.

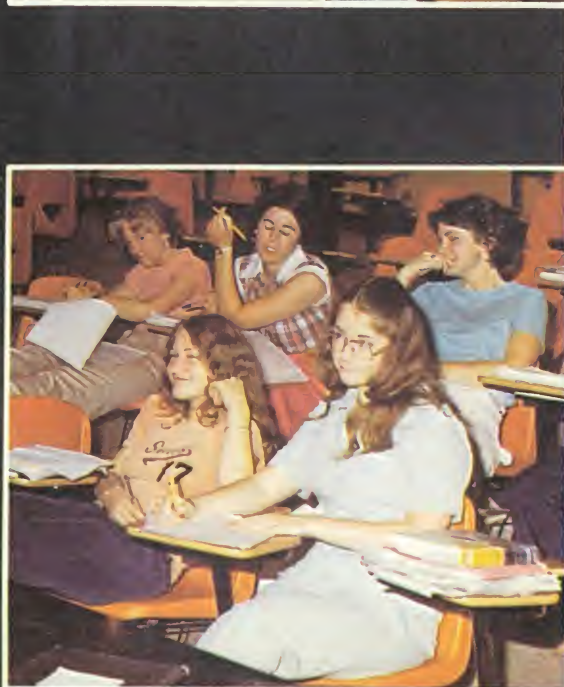

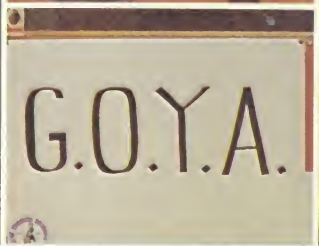

— Dostoevsky

of the whole,
with these images and reflections.

And if they shout,
don't let it change
a thing that you're
doing.
Hold your head up.
Hold your head up.
Hold your head high.
— Argent

And we remember all these
as the years,

Be glad when you can
Spend these days with people you love
and with people who love you
For Life is made of young smiles
and shared memories, of hard times together.
— Pam Godfrey

so important things,
so long,

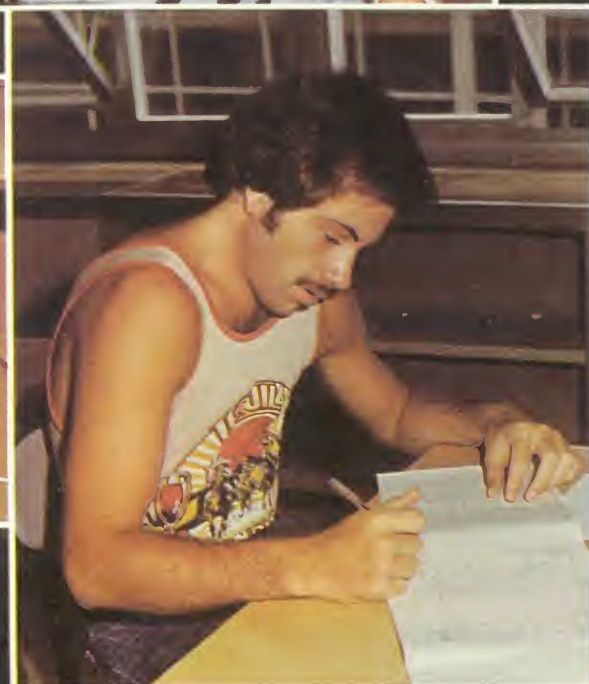

For last year's words belong
to last year's language,
and next year's words
await another voice.

yet so short . . . pass.

When someone cares
it is easier to speak,
it is easier to listen,
it is easier to play,
it is easier to work.
When someone cares
it is easier to laugh.

The memories of the past,
 Encircle the laughter of today.
 Together they are golden sunlight,
 Beckoning the future on the horizon.
 May your future be bright,
 As is the love we feel for you.
 May your days be full of happiness,
 Remembering all the times we've shared.

The Class of 1978 dedicates
 this book to Mrs. Fran Hearn.
 We appreciate her endless
 help and tireless patience.

FOOTBALL

We started the season with hopes and with dreams
Last year we had gone two and eight.
But this year our talent they told us was awesome;
They told us this year we'd be great.

When we ran over Marlboro, and trampled the
"Reggies,"

We thought that perhaps they were right.
But then we hit Concord and ran into Bedford;
We'd hit the ground overnight.

Then something happened, all can attest.

We knew that we weren't going to slide.
For within every senior that something arose,
That something they call senior pride.

It started with Lincoln and then it hit Cambridge
and stopped them both dead in their tracks.
Wayland was next; it conquered their fury
And deadened the Lions' attacks.

'Til finally on Turkey Day, we clawed the Tigers.
They felt the Colonial attack.

And the chant rang 'cross town, from Hayward it
spread.

And it sang out "YES, ACTON IS BACK!"

CROSS COUNTRY

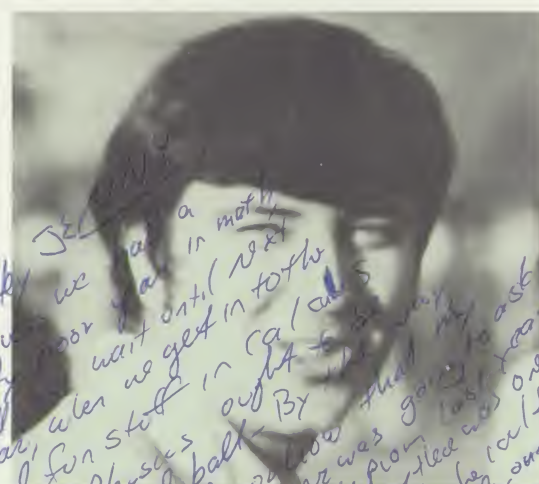

An Olympian distance runner once wrote of Steve Prefontaine by saying, "He discovered that he could run well; all it took was being able to stand the discomfort of effort . . ." Prefontaine knew what distance running was.

Those of us who also know what the late Prefontaine stood for made this a very successful year, with the help of a fine coach.

GIRLS' SWIMMING

It would be an understatement to say swimming has been a lot of fun. We've experienced more than just fun this year. Because of our team spirit we have become one big happy family. At all the meets, whatever the result, each one of us felt important. There was always someone at the end of the lane to cheer you on and give you support. None of this could have been made possible without the caring and support of our coach, Bob Asquith (alias "the gorgeous hunk of walrus"). The 1977-78 Hockey Season has been a successful one at Acton-Boxborough. This, however, is nothing new. This winter was the sixth in a row that our hockey team has won the Dual County League, and in its first year in rigorous Division One tournament play, the club won respect by winning one game before bowing to the powerful defending state champs. Anyone who has played with a perennial winner, like our hockey team, knows the difficulty of trying to stay on top. Our hockey has always risen to this task and should be considered an integral part of the pride which we all feel as students and citizens of Acton and Boxborough.

There's not a better team around when Acton plays its own ball. Good times, laughs, frustrations, and tears. But what great team doesn't have these qualities?

The Rifle Team has been a rewarding experience for its participants. Out of the sixteen members on the team, the ten best compete in the meets. Of these ten, the five best scores of the day are added for the team's score. The shooters fire in two positions, prone and offhand, each consisting of ten shots with the best individual score being 200 and the best team score of 1000.

The Rifle Team not only offers a chance to refine one's marksmanship and coordination but also to obtain a sense of team spirit. This is one of the few sports where one competes as an individual while strengthening team spirit and pride.

The ABRHS Boys' Varsity Swim Team stroked to another fine season this winter, surfacing with a respectable 8 and 3 record. The swimmers adapted very well to the new coach, Jeff Johnson, and broke the water with good, propelling efforts for the duration of their season. The team will suffer a loss of several aquatic seniors, both divers and swimmers, but the years to come still look promising. Thanks to all who have supported the swim team in the past, and congratulations to all the boys who put in the time and effort to participate.

Hi Jennifer! I think we've had a good year this year, but next one would be super if we could all pull together as a class. I think we will. I nearly tried out for cheerleading, which I had! I'll be at the football games next year. I'll see you there. We might be in a class together next year too. Have a good time anyway. If you ever doubt I'll be a model I think that's great. I hope you do. I'll see you around so take care of yourself and don't get into too much trouble. You're a sensible person unlike me. That's good, keep it up. See you.

ACTIVITIES

Hi Jennifer,
Doc. Foster's class sure has been an experience. I'm sure next year will be one too. Maybe with a little luck, this summer will be a little more exciting than this school year. All I can think of is all the nights that me, Eric, and Dave went out and drove around trying to find something to do. We always ended up at my house.

Playing pool with Dave and Eric going away all summer, I ought to be able to get really bored.

who knows though, maybe someone will come up and then I'll have someone to go out with when Bob goes out with Kathy.

If you see Cory before I do, tell him I'm still waiting for a ride in his Trans-Am. One of these days I'm going to see Chris's house. I hear it's pretty nice, and Eric pointed it out to me once from Rte. 2. Oh well Dr. Foster is beginning to lose me so I better go. I'll see you at some parties or at the beach. Have a good summer.
Bye. John S.

Jen, it was a great being on the tennis team with you. You're a great player who really takes her game seriously. Have a great summer! Love Karen

Jen, it's been nice to know you this year in tennis. I like your dress! Love Karen

Jen,
I'm not a Freshy Freshy Freshman, anymore I'm a sexy very sexy sophomore.
Tennis was so good, I'm glad I made the team even though I got to play
the mascot about every other day. You helped me a ton with every
thing, when we practiced inside, my balls were the ones that always went
up into the ceiling or sometimes I never hit the ball. I never played
Tennis even before and now I can play with your HELP. Thankx Jen.
When I ran I always told you something that I was going to do but
YOU HAD TO TALK ME OUT OF IT, THANKX ANYWAYS. You're a great kid and
I'll never forget you, LOVE LIZ.

Have fun with Kris, your gorgeous
hunk of boyfriend.

FRESHMEN

Maybe I'll see you next year on the

TENNIS TEAM
but this I won't have to
play the mascot half
as much because there

To the Class of 1978:

Early in your high school career it became apparent to the administration, faculty, student body, and townspeople that the "Class of 1978" was going to be a very special class. Collectively, you made it known that the "Class of 1978" was determined to be the best class ever to graduate from A.B.R.H.S. As high school principal, I want you to know how much I, personally, respect and admire your vow to be the best. Your spirit, permeated with positive attitudes and tireless effort, was bound to produce an outstanding senior class.

Needless to say, your spirit did produce great results. Your achievements in academics, athletics, fine arts, social events, fund raising activities, and senior activities will be long remembered at A.B.R.H.S. I certainly hope your collective quest "to be the best" becomes a model for all future classes at A.B.R.H.S. to emulate. Furthermore, I sincerely hope each and every one of you adopts this quest "to do your best" and "be the best" as your personal models in life.

On behalf of the entire faculty and student body, I wish all of you success and happiness in all future endeavors.

tell French
it almost over?
can you believe it?
he had a lot of laughs,
kiss? You and we'll be in
hiccups. Maybe next year
some classes together think you're
too. Seriously now, I think you're
a great kid & you're a lot of fun out
be around. Thanks for helping it. Don't
help you out a lot in everything - tennis
Jennifer, good luck especially French. Hope
and cheerleading & especially French. Hope
to see you over the summer
something - if not, I'll see you
next year.
Love
Kym

the gen.
It has been a
fun year this year.
With Miss Sheehan - no one
could ever replace her and
her famous laugh and her
disagreeable personality - "No
Jennifer you're wrong!"
And of course, don't ever
forget the famous couple
in the front - "So
Nazis and No David,
I'm not in the mood!"
And of course, don't
forget his unusual
eating habits, but
I won't get into that.
Now, our favorite class, how time
flies when you're having fun
"Gee, what time is it" - B period
- Mr. Daddly, "Mr. D. or Dad" -
don't ever forget $PV=nRT$ - and
you'll never survive if you
forget $\Delta G = 0$ - TDS - or what lives
at 10. I'm gonna hunt the final
math w/ Doc was another exciting
class also - "Wendy, look at Jen -
she's asleep!" - Ms. Franzel was
great - with her gumpet
like yours - "Ms. Franzel
looks like she's gaining
a little weight there!"
And for our greatest class of
all, we forget pay - HUST , soon
to become Mrs. D. (No not related to Mr D.!)
Remember your beard, and math homework,
etc. Too bad we won't be in the same
class next year.
Well, we'll be seniors pretty soon -
finally. We'll be in the same physics
class - help, along w/ Wein + Goul, but
not Kath (she's chicken) and in
calculus w/ the Doc again.
See ya around.

Ten, Tensley, Jennifer,
 Haven't we had such a
 perfectly terrific year. You've
 been such a darling and
 you'll always have

 and "C.B." → you bet!!!

Now about Mr. D.,
 Dad, Lover, (or

 to call that

 man) I think
 that we should
 be able to shave
 him over the
 summer because
 as you know I

 I think he turns

Now about my
 queerness. I must admit
 I am a bit but I'm
 working on it. It's
 just that sometimes I can't resist

you (especially when you wear those cute
 shorts in tennis). maybe its the drugs —
 I'm getting hooked on the yellows and
 when we even mention the yellows and
 get blown out of my mind.
 Since Puerto Rico is next year I
 much about vacation. I hope you'll agree
 that we would
 be better
 to leave
 Kris & Dave
 behind
 because
 we'll
 have a
 better
 time without them (Don't you agree?) SORRY I just
 became a little queer again, but
 be patient with
 me and
 I'll get over
 it.
